

# James B.'s Honeymoon Story

James is a user from a rural area in the United States who was introduced to cryptocurrencies entirely thanks to COIN! With COIN, he's starting to save up for something big:

**A 17-year old promise to his wife.**

# James's Story

## What do you earn COIN for?

---

"Honestly, I'm thinking big.

**When I married my wife 17 years ago I promised her we would make up the honeymoon at a later date.** I was fresh out of college and working two jobs to make ends meet.

We didn't have a lot of money but our love was all that we needed. So far we haven't been able to complete this promise and would love to be able to fulfill it with all the XYO I'm saving up.

Also, the honeymoon isn't it. Any funds remaining will be applied to our big bills (mortgage, and car). If I can get rid of these two bills our financial situation will go away completely and life will be able to a lot stress free.

With having 4 kids, it's hard to make ends meet at times but we get through it and enjoy life to the fullest.

"I originally stumbled across this when I was looking into ways to incentive a way to earn cash while driving. I drive a lot and wanted to find a way to earn back some of the cash I was using towards cash. When I saw that the COIN App offered just that I was all in."

- James B. (United States)
